SLIDING DOORS

WELCOME

Our sliding door solutions have been hand-crafted in perfect harmony with stylish designs and precision workmanship to ensure that each piece of bespoke furniture maximises storage and is simply stunning.

Our range of materials and finishes allows for individual choice and expression to create eye catching furniture that will be unique.

Our sliding door range is made in Britain, expertly engineered and hand-crafted to the highest of standards, which comes with a 10 year guarantee.

MAKE **YOUR** CHOICE

We don't want to simply provide a high precision, hand-crafted piece of furniture, we want you to put your stamp on it to create a stylish statement that will perfectly capture your vision and individual personality.

Over 60 glass door panels styles

Plain and metallic finishes
Flat and bevelled mirrors

A world of colour at your fingertips

We don't do standard. Our extraordinary range of colours and finishes allow for a world of possibilities. The only limit is your imagination.

Creating the right angle

Our bespoke furniture can accommodate sloping ceilings to create a beautiful finish. Angled door sections are not available in glass.

DEFINING OUR HERITAGE

Blending the timeless beauty and strength of wood within our sliding door range, our craftsmen have created a stunning range of furniture that will complement any home. Our generous deep cut wood accentuates the high quality of the Heritage collection and the high precision workmanship ensures the sliding doors glide effortlessly across.

YOUR HERITAGE

Heritage evokes tradition, strength, permanence and pride and our Heritage Collection embodies those qualities.

The beauty and elegance is perfectly balanced with materials of the highest quality. The sliding doors are 33mm thick giving it a solid feel as it glides across our smooth sliding tracks before gracefully coming to a gentle stop with soft-close system which is fitted as standard.

**THE
FLORENCE
COLLECTION**

If you love the minimalist look then the Florence Collection is for you. The ultra slim minimalist profile creates beautiful, sleek, clean cut lines that will complement any room which you want to create a sophisticated minimalist statement. Suitable for glass and mirrors only.

 THE NAPOLI COLLECTION

The clean, crisp lines that define the Napoli collection are ideal for those who wish to maintain a contemporary feel to their room. Available in polished silver and satin silver the Napoli collection also comes in a square or a ridged finish. Finished to exacting standards including our soft-close system fitted as standard.

THE TORINO COLLECTION

The Torino collection features a slim square profile with straight finger pull and is available in three unique colours. Its modern light finish in a simple contemporary design will perfectly finish off any room.

THE TUSCANY COLLECTION

The Tuscany collection is a slim single curve profile with finger pull. Whether you are looking for a sliding door storage solution to match a minimalist room design or a whole new room refresh this stunning collection will enhance the finished look. It is available in three colours - satin silver, satin graphite and satin gold.

THE VENICE COLLECTION

The Venice Collection's curvy traditional profile has always proved to be a very popular choice and comes in five colour options. The elegant lines of the frame, the high specification of the glass and wood panels, along with our perfectly engineered soft-close system combine to create a beautiful sliding door storage system that will enhance any room.

STORAGE CONFIGURATIONS

When it comes to selecting how to configure your storage options the only limit is your imagination.

All our carcasses are constructed using 18mm PVC lipped board including backs. All seen parts are coordinated to door colours. Variations and combinations of hanging, drawers and shelves are available on request.

We can also supply shoe-racks, baskets and pull-down rails.

Shelf Unit with 4 drawers

9
Hanging with 4 drawers

10
Shelf, TV space with 4 drawers

TECHNICAL SPECIFICATIONS

Made to measure using computer controlled machinery

Our sliding doors are manufactured using computer controlled machinery for accuracy to any size and configuration.

Constructed from the highest quality materials

Our sliding doors are constructed using the highest quality materials. We use 16 gauge (1.626mm) extruded aluminium frames, certified safety glass and mirrors as well as 18mm MFC panels.

This combination ensures our doors do not rattle, flex or whip. The quality is clearly evident by the feel of the finished product.

Effortless sliding doors

Our sliding doors move effortlessly courtesy of quality moulded wheels. Filled with anti-rust lubricant and incorporating a contact shield they prevent any dirt or dust ingress, ensuring a lifetime of perfectly balanced and smooth operation.

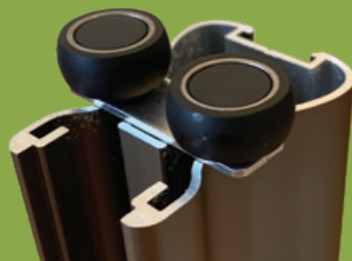

Anti-jump safety mechanism

All our sliding doors incorporate an anti-jump safety mechanism as standard.

Smooth gliding top rollers

In all our frames, except the Florence Collection, the doors benefit from twin ball bearing rollers with soft rubber surrounds in the top tracks. This ensures a smooth gliding operation and almost silent running.

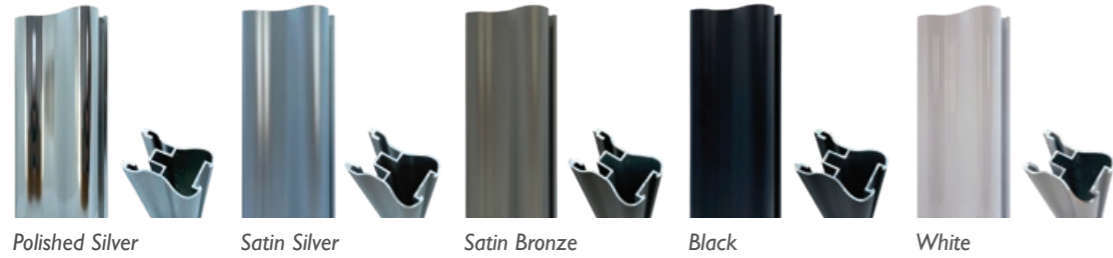

Soft Close options

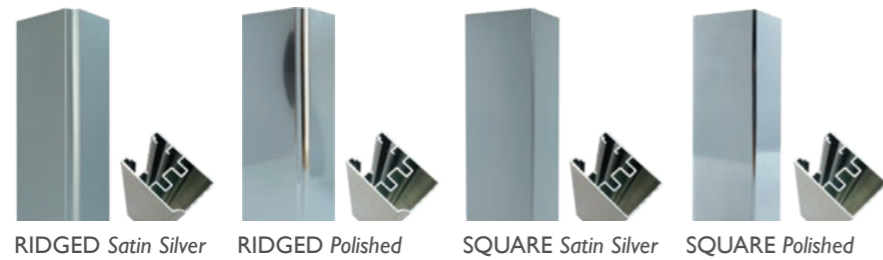

Soft closures guarantee a quiet controlled close and are available on all sliding door frames. Additionally an integral full length rubber cushion on the edge of the door is featured on all our curved frames.

 **VENICE**

 **NAPOLI**

 **TORINO**

 **TUSCANY**

 **FLORENCE**

All frames have matching mid-rails and top and bottom tracks.
Frames can also be powder-coated to a required colour.

 **HERITAGE**

- Heritage Collection features:
- Generous 33mm deep cut wood
 - Available in a range of board colours, mirrors or coloured glass
 - Can be manufactured using Egger, Kronospan, Pflieger, Xylocleaf and Unilin boards
 - Mixture of centre panels available
 - Available up to 1070mm wide
 - Soft-close system fitted as standard
 - Heritage sliding doors can be manufactured as full frame doors, or with multiple horizontal dividers.

Heritage Sliding Doors are a unique addition to our sliding door portfolio, perfectly balancing a prestigious look with quality design and engineering.

DECISIONS DECISIONS

Now you have seen the ranges and some of the options it's over to you to decide how you would like to configure your sliding doors storage solutions.

With a huge range of panels, styles, colours and finishes available the finished product is down to you.

DISCLAIMER: Whilst every care has been taken to ensure that the colours and finishes in this brochure are accurate, due to printing processes involved in the production of this brochure the reproduction of colours and finishes cannot be guaranteed as a true likeness.
